CORPORATE TEAM BUILDING AND FACILITATION

The Woodhouse is proud to partner with Pinnacle Team Events should you wish to provide your staff with some corporate team building activities while they are onsite.

Pinnacle is a well established provider with over 20 years of experience and can organise activities both indoor and outdoor.

Pinnacle Team Events will be able to tailor a program for your needs including but *not limited* to activities:

Survivor

Teams will need to outwit and outplay their opponents in a fun and competitive survivor challenge based on the hit TV series. This activity is based on the 'immunity challenges' that see the teams competing head-to-head at a series of initiative, problem-solving tasks that require the whole team working together to defeat your opponents. Competitive, fun and requires a great deal of teamwork!

Laser Clay Shooting

Experience the thrill and excitement of shooting clay pigeons as they fly through the air! This hands-on activity uses authentic 12 gauge shotguns that have been converted to fire laser beams. Clay disks are fired from the launcher - when the shooters score it registers a hit on the electronic scoreboard.

Ransom

Your boss has been taken ransom and it is up to you to solve the clues, undertake the challenges and earn the ransom money in time to save the boss from the kidnappers. If the ransom is not paid within 2 hours the kidnappers will take drastic measures! This is an outdoor, scavenger hunt-style event that will send your delegates to various activity sites around the local area.

Charity Events

Pinnacle is proud to be a market leader in delivering the largest range of Corporate Social Responsibility events that make a genuine difference to those in need. View our entire range of charity events on page 5. Unite your team by giving back to those less fortunate with a hands on experience that will educate, empower and inspire your team through giving.
